land from entry, and it would appear that Mr. Rickman had not applied for the entry. The Inspector of Ranches in giving a list of the persons residing within six miles of the lands covered by the grazing application does not make any reference to Mr. Rickman, and apparently he was not on the land when he made his report.

I would suggest that the grazing lease be granted and if later on Mr. Rickman applies for his entry he may be granted the same if he is eligible, as the grazing lease provides that any settler who was residing on the lands leased at the time the lease was granted is entitled to be given 640 acres of the leasehold. There would, therefore, appear to be no objection to granting a lease to Mr.McIntosh as it will be quite easy to withdraw the quarter-section in question if required for Mr. Rickman at any time, providing he furnishes satisfactory evidence that he was on the land at the time the lease was granted.

Memorandum-Mr. York.-

Mr. Alexander J. McIntosh, of Manton, Alta., applied for a lease for grazing purposes of Section 9 and the North West quarter of Section 4, Township 15, Range 1, West of the 5th Meridian. The Inspector of Agencies reported these lands to be unsuitable for agricultural purposes, and recommended that they be leased to the applicant. As Mr. McIntosh had complied with the Regulations and paid the first six months' rent in advance it was decided to grant him a lease, and the Agent of Dominion Lands at Calgary was instructed to withdraw the lands from entry, and to report definitely whether or not any disposition had already been made of the same. The Agent reports in reply that the South West quarter of Section 9 appears to be affected by a squatter's claim entered in the name of James Hickman. The Land Patents Branch were asked to state whether or not the squatter's claim would interfere with the leasing of the land for grazing purposes. They state in reply that, in their opinion, the claim should be first investigated by a Homestead Inspector. I find on looking through the Head Office file covering the matter that Mr. Hickman was notified on the 19th May last that he would be given six months from that date to come forward and make entry on the quarter-section in question. It was only a few days before the expiry of that period that the Agent was instructed on the grazing file to withdraw the land

Sir,

In May 1903 I bought from S. Wyndham the South half of the N W ¼ of 12. 36. 25 West 4 M. containing 79 acres according to the map of the Township in the Red Deer Land Office. ~~all the Lake frontage~~ This ½ quarter sect. includes all the Lake frontage on its east side, i.e. is bounded on the E. side by the Devil's Pine Lake. However a local surveyor when subdividing part of the S half of the quarter sect found that for a distance of 100 yards or so, there was a narrow strip of land, a few feet wide, belonging to the N. E ¼ of 12 36 25 between my land & the Lake. This is not marked on the Govt map, but only the 18 acres owned by R. Page & the 3 acres owned by Allen & Carrick. As it is vitally important to me that I should not be cut off from the Lake by any land, however narrow, I would be extremely grateful to you if you would kindly let me know what the regulations say on the subject & whether I can rely on my owning all the Lake frontage on the S.E. half of the N.W. ¼ 12 36 25 by law. If by any chance I am not entitled to the Lake

frontage, but it still belongs to the Government please let me know the price that is set on it & I will forward a cheque by return. I may point out that the land is practically valueless to anyone but me but the loss of it would entirely spoil my property in value. I believe that the ~~agreement~~ deed granted after Carrick for the 3 2/3 acres says that they own all the land of the N.E. 1/4 ~~Sec.~~ on the West side of the Lake containing 3 2/3 acres as shown in the original survey & it is to save any trouble in later years that I wish to get the ownership of the narrow strip also mentioned decided now. Two weeks ago in the Red Deer Land Office I was assured that undoubtedly the N half of the 1/4 (of 22) of N.W. 36 23 took in all the Lake frontage but I want a final opinion. I'm afraid you may find this difficult to understand & I regret having to write so fully but I have tried to make it as lucid as possible.

Thanking you very much in anticipation

I have the honour to be

your obedt servant

MEMORANDUM:

Referring to your memorandum of the 2nd May, file 2090509, township 36, range 25, west of the fourth meridian was surveyed in 1892. The field notes do not show any portion of the northeast quarter of section 12 between the north half of the northwest quarter and the lake.

Provided the patent for the fractional part of the northeast quarter of section 12, west of the lake does not cause any conflicting claim, there would be no objection to granting Mr. Carrick the land referred to in his letter as land and land covered by water without any further surveys being made, if it were not for section 6 of the Irrigation Act which states that no grant shall be made by the Crown in such terms as to vest in the grantee any exclusive property or interest in the land forming the bed or shore of any body of water. In view of this provision, I do not see how a grant can be made of the bed of a lake which occasionally dries up, like this one. The question might be referred to the Department of Justice.

Surveyor General

J. B. Sheppard, Esq.,
Dept. of the Interior,
Ottawa.

See opinion of Dept. of Justice on the question of Right to grant land covered by water and to protect by an irrigation act. Proper way of doing this is to withdraw by Act instead of granting the water right. Patent will not pass water

Sir

about two months ago I wrote your department re some land as I have had no reply am writing again in case my letter went astray.

I applied for (myself) now the N.W ¼ of 12 36. 25 W 4 M.

Between us we own the South Half of the quarter as I personally own the North half.

This land borders Pine Lake as in the maps of the township in Red Deer Land Office my land is shown as taking in the whole of the lake shore bordering the land, then I presumed that I owned all the lake [illegible]

on the North half of the ¼ Sect Homme some time
ago a local surveyor in running the
line [illegible] On the Chart it appears from
his line that there is a narrow strip of
land of a few yards in width which separates
my land from [illegible]
What I want to know is this
[illegible] all the Lake [illegible] on the North half
of Sect NW ¼ 12 36 25 W4 belong to said
quarter or does it belong to the Govt
If the latter will you kindly find out
on it as I will remit fee return.
I regret very much having to trouble you
with this trivial matter but although
probably the strip in question is less than ¼ an
acre it makes all the difference to
the value of my land as [illegible]
build cottages here on the strip of water
a summer resort here at Island and

With reference to the report which you recently furnished as to the value of the improvements on the N.E¼ of 10-47-3-W.4th M. at the date Mr. W. H. Mr. Fox was called upon to pay this amount and he now writes to say that the breaking was very poorly done and grown up with weeds and that it would have to be summer fallowed before it would be of any use; he consequently protests against the amount of your valuation and I would request you to advise me if you desire to confirm same or make any amendment thereto.

Subject:

Form No. 7.

TO HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL:

THE PETITION OF THE KOOTENAY & ALBERTA RAILWAY COMPANY.

Humbly Sheweth:

1. That J.H.Senkler, Barrister, John Bowerman Ferguson, Mine Operator, both of the City of Vancouver, in the Province of British Columbia, John T. McConnell, Financier, Humbury A. Mullen, Barrister, and Shirley Ogilvy, Manufacturer, all of the City of Montreal, in the Province of Quebec, together with such persons as might become shareholders in the Company, were incorporated under the name of the "Kootenay & Alberta Railway Company" by the Parliament of Canada, the Act of Incorporation being Chapter 86 of the Acts of 8-9 Edward VII, for the purpose of laying out, constructing and operating a railway of the gauge of 4 feet 8½ inches (a) From a point on the Crows Nest Branch of the Canadian Pacific Railway between Cowley Station and Pincher Station in the Province of Alberta, thence in a southerly direction to the North Kootenay Pass, then in a southerly direction down the Valley of the Flat Head River in the Province of British Columbia to the International Boundary.

(b) From a point on the Crows Nest Branch of the Canadian Pacific Railway between Cowley Station and Pincher Station extending to reach the Town of Pincher Creek to Pleasburn Settlement, the Blood Indian Reserve to Mountainview and Cardston, and down the Milk River Valley to the International Boundary at or near Coutts.

2. That the construction of the Railway will involve the necessity of building large bridges over Milk Creek, Lang's Creek, South Forks, Pincher Creek, Waterton River, Belly River, St. Mary's River and Milk River.

Your

Your Petitioners submit the following reasons in support of their petition for assistance from your Excellency in the construction and building of the Railway and bridges aforesaid.

1. The Railway is provincial as it connects the Provinces of Alberta and British Columbia.

2. It is international because it connects with the boundary between the Dominion of Canada and the United States of America at the 49th latitude.

3. The Railway connects with the Crows Nest Branch of the Canadian Pacific Railway and with the Alberta Railway & Irrigation Company's Railway, to both of which lines it will be a feeder. It will also connect with the Great Northern Railway at the intersection of the American Boundary with the Flat Head River.

4. The Railway will open up and serve a very large extent of rich farming country lying between its function with the Crows Nest Branch of the Canadian Pacific Railway and the Beaver Valley, a distance of about 20 miles. The country at present is thickly settled but the population is in great need of transportation facilities which this railway when constructed will serve.

From Beaver Valley to the summit of the Kootenay Pass the Railway will open up an area of 18[illegible],000 acres of coal lands, which areas will by the time the Railway is constructed be in a position to make large shipments of coal. Considerable development work has already been done on these areas, and its completion is only retarded by the lack of railway facilities.

During the first year after construction the royalties of the Government by reason of the shipment of coal from these areas will not be less than $[illegible]0,000 and the annual revenue to the Government will within 5 years reach at least $1[illegible]0,000 and increase from year to year thereafter.

In this same district there are extensive tracts of good timber lands which only await the Railway to enable them to be utilized for the benefit of the settlers on the prairie.

From the Head of the Kootenay Pass to the International Boundary the road will run through parklike country suitable for

agriculture

(with it are also contiguous large tracts of timber areas, which country at present is altogether isolated by reason of having no railway facilities.

The timber dues of the concurrent upon the completion of the Railway will aggregate about $10,000 a year.

6. From the point of commencement eastwards the Railway will run in the first place through the Town of Swan Creek, a town with a population of about 2000, which is situated about 20 miles from the Prows Nest Branch. It will also run through the Fairburn Settlement, which is a thickly populated agricultural settlement, along the borders of the Blood Indian Reserve, through Four Winview and Carstair and down the Bill River Valley. All this country is well adapted to agricultural purposes and practically all the land has been taken up and settled, but its development is retarded for want of transportation facilities.

It is estimated that the cost of building the railway will be $25,000 per mile apart from the bridges.

Your Petitioners therefore humbly pray that they may be granted the following assistance in the construction and operation of this railway.

1. A subsidy of $6,400 per mile.

2. Such assistance as your Excellency may be pleased to grant towards the building of the bridges above mentioned.

3. A free right of way through and over Dominion lands and the granting of all unallotted timber along the route for construction purposes, reserving, however, the right of the Government or settlers to the said timber.

Your Petitioners therefore humbly pray that their Petition may be favourably considered at an early date.

And they will ever pray.

Dated at Ottawa this 17th day of March 1903.

(Sd) Belcourt & Mitchie.

Signed on behalf of the Company.

Ottawa, 31st March, 1910.

TO HIS EXCELLENCY,

THE GOVERNOR GENERAL IN COUNCIL:
